Assignment 111 – Using Kitchen Equipment

Task A :Information Sheet for New Staff

1. Induction and Training Within the Organisation

All new staff must receive induction training before using any kitchen equipment. Training teaches correct and safe use of ovens, stovetops, mixers, food processors, and knives. This prevents accidents such as burns from hot trays or cuts from sharp tools.

2. Use of Personal Protective Clothing (PPE)

Staff must always wear PPE such as chef jackets, aprons, hats, and safety shoes.

- **Aprons/jackets** protect against hot spills from pots, pans, and hot trays.
- **Safety shoes** protect feet from dropped heavy equipment.
- **Hats** prevent hair from falling into food while using mixers, slicers, or other equipment.

3. Use of Prescribed Dangerous Machinery

Machines such as meat slicers, mixers, and food processors must only be used after training.

- Blade guards must be attached before switching on.
- Hands must be kept away from any moving blade or rotating part.
- Equipment must be switched off and unplugged before cleaning.

4. Use of Oven Cloths

Oven gloves or cloths must be used when handling hot trays, pans, and baking tins.

- They protect hands from burns.
- They must be dry to prevent steam burns.
- Hot trays must be held firmly to avoid dropping them.

Task B – Five Menu Items and Required Equipment

Selected Menu Items (5):

1. Braised Rice
2. Fish Menu (Pan-Fried/Baked Fish Fillet)
3. Beef Stroganoff
4. Chicken Sauté
5. Greek Salad

1. Braised Rice

Large Equipment:

- Stove
- Oven
- Large saucepan

Small Equipment:

- Measuring jug
- Wooden spoon
- Strainer
- Chopping board
- Chef knife

How Equipment Will Be Used:

The stove and saucepan cook the rice. A wooden spoon mixes ingredients, a jug measures stock, and a strainer rinses rice. The knife and board prepare vegetables.

---

2. Fish Menu (Pan-Fried or Baked Fish Fillet)

Large Equipment:

- Oven
- Stove
- Baking tray / frying pan

Small Equipment:

- Fish spatula
- Tongs
- Chef knife
- Chopping board
- Mixing bowl

How Equipment Will Be Used:

The oven or stove cooks the fish. A frying pan or tray holds the fish. Tongs and a spatula move or turn the fish. A knife and board prepare seasoning ingredients.

---

3. Beef Stroganoff

Large Equipment:

- Stove
- Large frying pan
- Saucepan

Small Equipment:

- Chef knife
- Chopping board
- Wooden spoon
- Measuring spoons
- Mixing bowl

How Equipment Will Be Used:

The frying pan cooks the beef. The saucepan prepares the sauce. The knife and board cut vegetables and beef. Wooden spoons mix ingredients, while spoons measure spices.

4. Chicken Sauté

Large Equipment:

- Stove
- Sauté pan
- Oven (optional)

Small Equipment:

- Tongs
- Chef knife
- Chopping board
- Mixing bowl
- Measuring jug

How Equipment Will Be Used:

The sauté pan cooks the chicken. Tongs turn the chicken safely. The knife and board prepare ingredients. A jug measures stock or marinade.

5. Greek Salad

Large Equipment:

- Refrigerator

Small Equipment:

- Salad bowl
- Chef knife
- Chopping board
- Mixing spoon
- Small measuring cup

How Equipment Will Be Used:

The refrigerator keeps ingredients cold. A knife and board chop vegetables. A bowl holds the salad, and a measuring cup portions the dressing.
